

Energie teilen, Zukunft gestalten

An aerial photograph of a village with many houses, many of which have solar panels installed on their roofs. The houses are surrounded by green trees and fields.

Energy Lunch, 1. Oktober 2025 | DI Thomas Zeinzinger

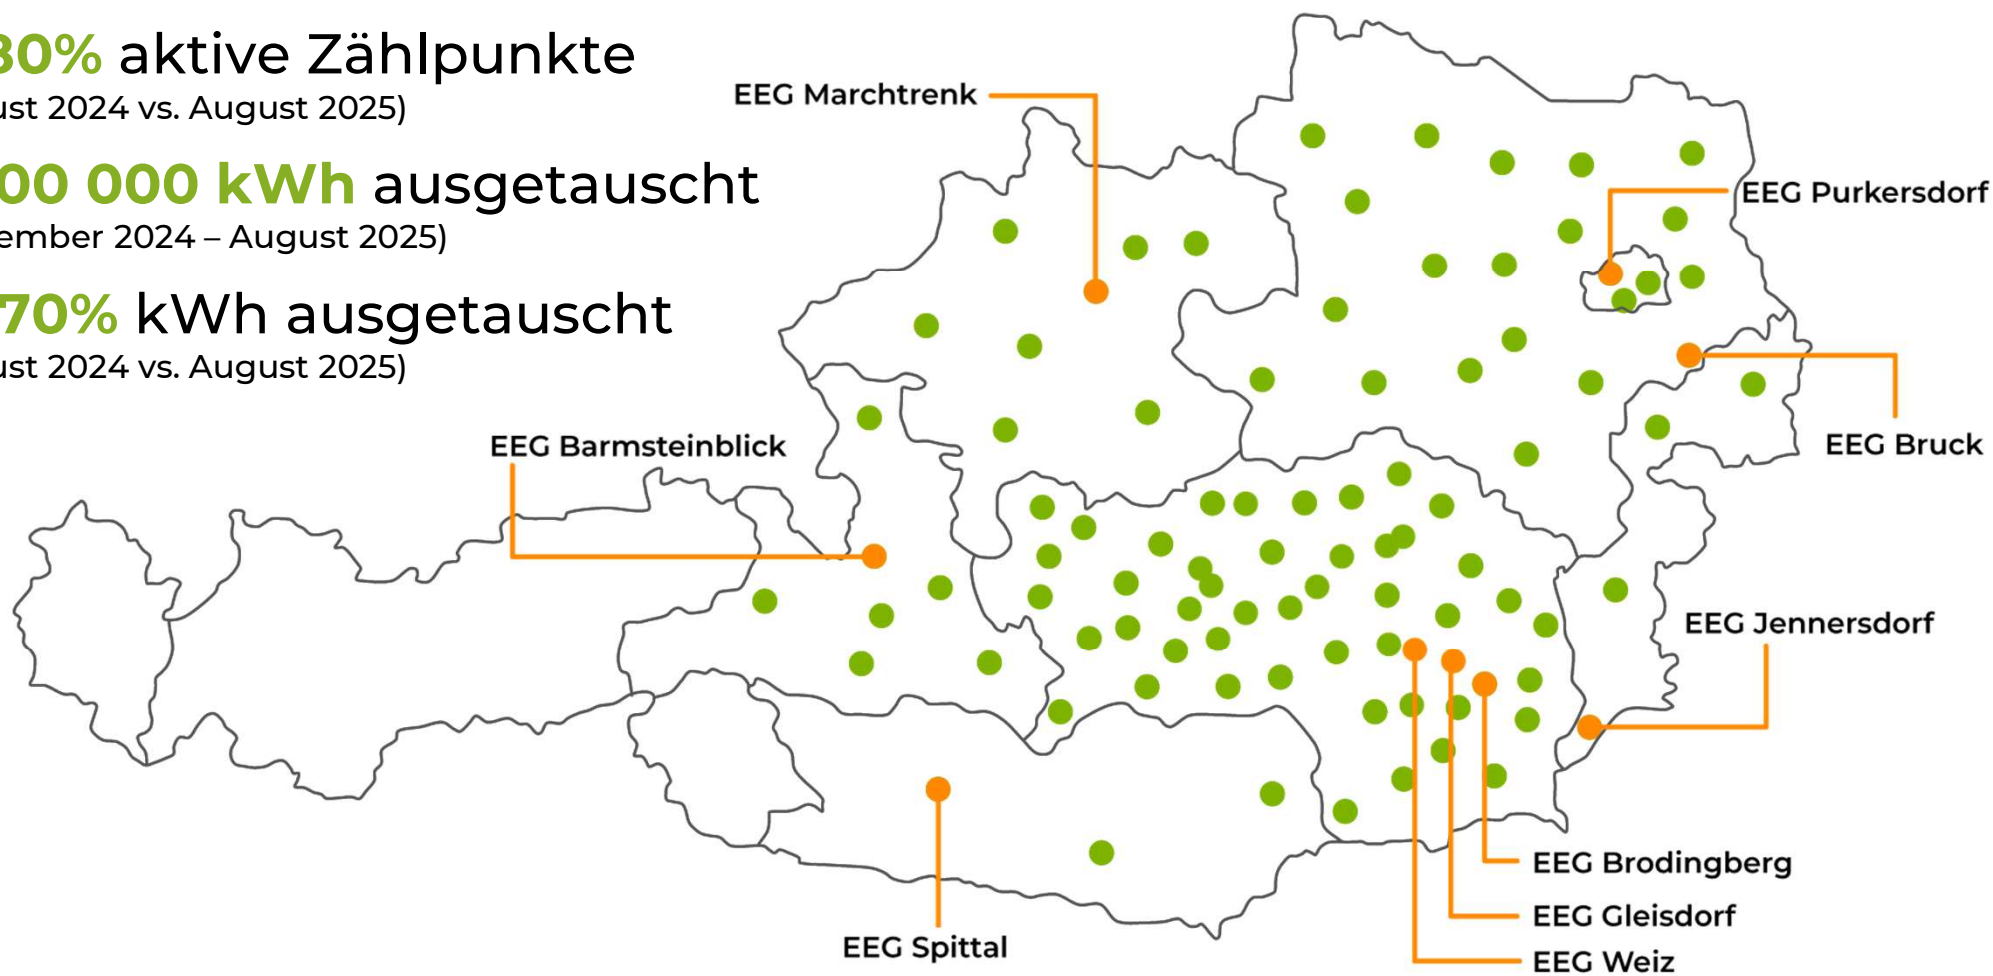

Regionale EEGs

Voltana

- **7000** aktive Zählpunkte
- **+880%** aktive Zählpunkte
(August 2024 vs. August 2025)
- **7 600 000 kWh** ausgetauscht
(September 2024 – August 2025)
- **+1370%** kWh ausgetauscht
(August 2024 vs. August 2025)
